

*In your own world,
little things made you happy.
A kind word, a gentle touch.*

*You loved people,
you had faith in life.*

*There are so many questions left unanswered
So many questions we wanted to ask.
There is so much good we would have granted you
So much love we wanted to give.*

*There are so many things we still left undone.
A road ahead of us.
There was so much future waiting,
when you let go,
when you couldn't go on.
There is so much left behind
in our hearts, empty and painful,
now we have to carry on
without you.*
